If you're saving for peace of mind...

...where you save does make a difference

It's a good feeling to have savings for any emergency. And where you save does make a difference — as over 16 million Americans know. They're enjoying important advantages by putting their money into insured Savings and Loan Associations. Excellent returns from your money is one advantage. Another is efficient service from men who know how to make your dollars work harder for you. And, of course, your money is safe. Your savings are protected by sound management and substantial reserves. They are insured up to \$10,000 by the FSILC—an agency of the U. S. Government. These are the reasons why Americans are putting more of their savings account dollars into insured Savings and Loan Associations than anywhere else! Start enjoying these worthwhile advantages at your nearby insured Association. Drop in tomorrow.
